Hi all,

I have been having tons of ups and downs lately. However, I am committed now to get to 90 days without slips. My most recent addiction was to slipping. I would look at things that would possibly lead me to see inappropriate pictures. I am a curiosity addict. Good luck to me. I know I can do it.

For all those that are just checking out posts on the way to 90 days. I am now posting in my group group 196. If anyone thinks that they can benefit from a group they should just post. You can informally join/add to the group if you wish.

There's a LOT of curiosity addicts here

Count me as 1 of them

**Warning: Spoiler!**

I take issue with the title of this thread

Until I found a path of recovery for my level of addiction, the only thing that was sure was that "Markz gets to 90 Porn sites, and beyond"

How can you or anyone be so sure of themselves?

Oh, so it's surely a "hope" you have. Well... cord' will tell you that's a 4 letter word

Now here's my free unsolicited advice

Change the Thread title to something like "Help - Shua needs a Minyan" (like your logo)...

Theres at least a minyan of Truckers around here that can help startup your Truck - free of charge of course ;-)

Reactivating this thread in my new journey. Been on and off for the past few years. Of the HALT triggers, my biggest are Lonely and Tired. Just posting to say that I'm alive and willing to work on this going forward. Will give more detailed updates as I progress.
