encouraging and thoughtful that i know i can do this for good !

Hi all

) to have a clean weekend with the wife sick and everyone very tired

Brother you gotta extend the family - get a gye chaver in your local - and start Trucking - otherwise it sounds like you're shouting again and again about certain things (that we all have to deal with) until you're horse

For some people, calling a chaver when the going's tough, is enough

For many of us, living is the way to go, not staying by the trough

Yeah yeah yeah yeah I already said that I will be moving soon and I do not have the stamina to call 3-4 new people right now but I have called someone twice so far and have others to try if needed.

?Unfortunately those in my local may not be the best thing for me to call them....

(please stop the animal references)

one day

I'll find a way

to stay clean

which will mean

I will need

to pay heed

to the one

that knows how to run

this life

though it seems full of strife

so hard and painful
and I always get an earful
from those that are close
it makes me want to close
my eyes and ears
and give way to tears
let it all out
and shout
what is on my mind
how can they be so blind
only see what they want
it is such a taunt
I hate it all
I just want to fall
hit the ground hard
act like a retard
what will I gain
probably just a lot of pain
but right now
I couldn't give a cow
much less care
except I just wouldn't dare
hurt the one who
I know wants to do

that which can help

but I feel I am a schlep

lost all hope

slipping down a slippery slope

into muck and mire

I just want to expire

but what about her

and Hashem the ultimate giver

Not doing well been slipping very badly but no falls yet.

I need to get a grip on myself/life but the temptation is so strong to just give in and "relax" a little....

Hashem please help me I cannot do this alone I only want to do your will please help me....

Maybe call someone for as you said "I cannot do this alone" then whatever that person says do. If you don't feel like it daven for the will to do it.

it works for me

He also demands action from me

You really want to know what I will do bl'n

1)stress out

2)help around the house

3)do something to make me sweat

4)walk out of the place that I am

5)and in the worst case scenario call him

Warning: Spoiler!
