I love the optimism! It will Bez"h get you very far…

That said, it's important to be prepared for the possibility that it may not be a smooth sailing
straight into day 90. Keep that in mind and take it one day at a time.

Wishing you all the best!

Welcome aboard!

Wish you much hatzlacha on your journey here!

If you 'know' in your head that you 'will' make it till 90, there is a good chance that you will make
it, if you doubt yourself, then there is good chance that you wont. so kudos to you for the
optimism and the confidence!

But never forget the golden rule of ODAAT!!

That's the real key.

Hatzlacha!

Hey Oived, you know you're being a party pooper - that's never allowed on gye ;-)

I promise you - when you find the key to freedom AND ITS EASILY ACCESSIBLE, you'll be singing a better tune. So go for it, what are you waiting for?

I didn't see it as being pessimistic. It's the reality that we all know and live with, and as he explained in his next post (sorry I'm biased) that being optimistic is a great way to start, but preparation is the key.

Because of you I'm thinking of marking off when I'll hit day 90, just like you are. I think mine will be in January too. See you at the top!
